Abstract: The 2019-20 National Postsecondary Student Aid Study (NPSAS:20) is a nationally representative cross-sectional study of how students and their families finance education beyond high school in a given academic year. NPSAS is conducted by the National Center for Education Statistics (NCES) and was first implemented by NCES during the 1986–87 academic year and has been fielded every 2 to 4 years since. This request is to conduct a field test in preparation for the 11th cycle in the NPSAS series that will be conducted during the 2019–20 academic year. NPSAS:20 also will serve as the base year data collection for the Beginning Postsecondary Students Longitudinal Study (BPS), a study of first-time beginning postsecondary students that will be conducted three years (BPS:20/22) and six years (BPS:20/25) after beginning their postsecondary education. This request covers NPSAS:20 field test materials and procedures related to institution sampling, institution contacting, enrollment list collection, and enrollment list sampling, which are scheduled to begin by November 2018. In late 2018, NCES will submit a separate request for the NPSAS:20 field test student data collection, including student record data abstraction and student interviews, which in turn are scheduled to begin in January 2019. Following the 2018-19 field test study, NCES will request to conduct the NPSAS:20 full-scale data collection, scheduled to take place from October 1, 2019 through September 2020. The materials that will be used in the 2019-20 full-scale study will be based upon the field test materials included in this submission and in the forthcoming student data collection submission.

Dated: June 29, 2018.
